

Hillview School for Girls believes in the pure potential of every child within the school, to develop, mature and thrive, leaving education fully ready for the world of employment. We place a high emphasis on education beyond grades, actively exploring a wide range of opportunities to develop the awareness and engagement of our students in the world around them.

Hillview is a fully **inclusive** school where **independence** is developed through an **innovative** education and **inspirational** opportunities.

Our vision is that:

Students unlock their pure potential to drive their future and thrive in society

The pure potential belief is integral to everything that we do in school and the outcomes we expect for our students.

The skills and beliefs at the heart of the pure potential graphic pull together the Performing Arts values, the desirable attributes of a future employee and awareness of the world.

Hillview believes in success and achievement beyond grades and highly values the breadth of character and experience that enables our alumni to stand out from the crowd and secure a successful role in the ever-changing modern world. Through our inclusive Hillview society, we actively develop and promote the independent

learner and thinker, encouraging students to try, make mistakes and learn for themselves. We support students to become adaptable and innovative working outside their comfort zone, challenging their expectations and aspirations, fully preparing themselves for their future lives. We aim for every child to be inspired by a subject, their learning or a skill that they can extend beyond education and the classroom.
